Aston Aloha Beach Hotel -

As leading nations seem eager to strike a deal with Iran - a known state sponsor of global terrorism, who have vowed to “wipe Israel off the map”, it is imperative to know what’s at stake for the rest of us...

As recent events around the globe, point to a new wave of brazen anti-semitism - from a cafe in Paris, to a Temple in Copenhagen, and many more - it’s imperative to address this frightening phenomenon, only 75 years after the Holocaust...

If these issues speak to you, this is an event you should not miss. And, bring your family and friends along.

Mr David Steinmann, an expert on this topic, has personal connections to several high-ranking military officials, both in US and The Middle East.

Mr. Steinmann is Chairman, Board of Advisors of **JINSA**, the Jewish Institute for National Security Affairs; National Board member of **CAMERA** - the Committee for Accuracy in Middle East Reporting in America; Past Vice Chairman, Executive Committee of the **Middle East Forum**.

** This day, coincides with the 13th of Adar, on the Hebrew Calendar, which historically is the **very day** (in 356 BCE) on which the Jewish People faced an existential threat from Iran (then Persia) under the rule of Ahasuerus, through Haman.*

Ultimately, the tables were turned and a miraculous victory occurred.

It is fascinating, and frightening, how history is repeating itself.

(See Bible, Book of Esther, for the complete story. Or visit. JewishKauai.org/Purim)

After this event, we will read the story, accompanied by an animated film, from the Scroll of Esther.
